

We are walking together to tell the world that we still own our homes and homelessness is NOT an option. FRAUD eviscerates all judgments, evictions, theft of our private property and belongings! We are walking to show the Foreclosure Mills and Public Servants that we are united and not stopping until the Indictments are brought down on the Criminals Stealing our lives and our properties are returned.

We start our walk down Ivy Street at: (The Can of Worms) McCarthy & Holthus Law Firm offices of: QLS-Quality Loan Service Corp.
11:00 am on April 25
411 Ivy Street, San Diego, California.

Walk participants include experts in Title, Real Estate, Lending, Law Enforcement, California 18 members, Professionals and people from all backgrounds who are Survivors of Financial Crimes and will be sharing experience and thoughts of remedy! (We invited Governor Newsom and other Public Servants to join us too)

Everyone in America is a victim of the financial crimes associated with the theft of homes and no identity is safe. This Walk is for everyone because whether you know it or not, you are a victim of Financial Crimes as an American!

It is time to take back our land, homes, estates and lives! JOIN US!! Bring your lunch as we will head to Balboa Park nearby to share lunch and continue networking.

Learn more about Financial Crimes and what is being done to end them:
